**Orsolya KEGYES-BRASSAI,
Richard P. RAY, Rajmund KUTI:
Seismic Risk and Disaster Management
Perspectives in Hungary, Presented
on a Case Study Performed in Győr**

**Lóránd UJHÁZI:
Further Ethical Challenges in Military Science
from the Perspective of the Catholic Church:
Reflection on the Use of Drones**

**Mihály NYITRAI:
Quo Vadis Sustainable Military Operations?**

AARMS is a peer-reviewed international scientific journal devoted to reporting original research articles and comprehensive reviews within its scope that encompasses the military, political, economic, environmental and social dimensions of security and public management.

AARMS is published in one volume of four issues per year by the National University of Public Service, Budapest, Hungary, under the auspices of the Rector of the University: Prof. Dr. PATYI András.

Articles and other text material published in the journal represent the opinion of the authors and do not necessarily reflect the opinion of the Editors, the Editorial Board, or the Publisher.

All correspondence should be addressed to
Prof. Dr. KOVÁCS László, Managing Editor
National University of Public Service
